## Society Girl

We ask a lot of a Society Girl.

She has to think fast and act fast.  
On a short lunch hour, you don't  
want to stand in line at the bank.

And she has to understand people  
and like them.

She doesn't have to be as pretty  
as this young lady . . . but if she is,  
that's our good luck.

And yours.

# BOY

**drop out of school now and that's what  
they'll call you all your working life.**

**Nobody** looks down on a man with a good education. People respect him. They treat him right because they know he's got what it takes. A good education always shows.

Remember: respect is only **one** of the things a good education gets you. It can also get you a good job. A good salary. And a real chance to enjoy more of the good things in life.

So if you're in school now . . . **stay there!** Learn all you can for as long as you can. It can really make a difference. If you've finished school, persuade your friends to stay in school and finish too. If you're out of school, **don't give up.** Take full advantage of all the training you can get outside the classroom—and think about going back to school itself. It can be done.

# Each year over 200 graduates of area high schools start their business careers at Aetna

And many of these are Weaver graduates. They'll tell you about the wide variety of well-paying jobs awaiting you at the big building on Farmington Avenue. About the job training for those without experience. And about the liberal time off with pay each year.

Aetna has close ties with Weaver. And Weaver graduates think Aetna is a nice place to work. You will, too. Stop in and see us at our Employment Office across from the cathedral.

We're as new as the class of 1971.  
and we're expected to do as much as  
your loved ones expect you to do in  
the coming years.

Like it, or not you'll be making adult  
decisions from now on; whether it be in  
college, in the service, or on the job.  
Right now, we're making decisions that  
should make Hartford a better place for  
"folks" to live.

WE NEED YOUR HELP.

## Society Girl

We ask a lot of a Society Girl.

She has to think fast and act fast.  
On a short lunch hour, you don't  
want to stand in line at the bank.

And she has to understand people  
and like them.

She doesn't have to be as pretty  
as this young lady . . . but if she is,  
that's our good luck.

And yours.
